

What is bullying?

Bullying has three key features:

1. It involves a misuse of power in relationships.
2. It is ongoing and repeated.
3. It involves behaviours that can cause harm.

It can be:

- verbal, physical or social
- in the open (overt) or hidden (covert)
- online bullying is using technology such as the internet or mobile devices to bully someone
- single arguments or fights are not defined as bullying. However they should be taken seriously and resolved.
